Quality Management Integration: Quality in Modern Business - Abridged Edition This abridged edition is for managers who have a basic knowledge of Quality and desire the benefits of implementing a Quality Management System into their business. This book consolidates Quality theory into an action - oriented plan. Quality is not an accident. It requires money, time and other resources to put into place. It is a system that will, one day in the future, allow you to harvest a premium crop that will bring the customers to you. When the economy is good, anyone can manage a business and have a favorable chance of earning a profit. The talented leaders stand out when the economy is bad and profits are hard to find. It is the foresight and a keen ability to believe in quality in the midst of company layoffs and downsizing that counts. A successful QMS requires the belief in the system and the knowledge that quality can and does contribute greatly to the company bottom line. Quality Management Integration: Quality In Modern Business explains topics...
